**NEW:  
W-KLT<sup>®</sup> 2.0 XS  
W-KLT<sup>®</sup> 2.0 S**

## DIRECT. SAFE. SPACE-SAVING.

C-Parts management is more than just deliveries. It is about designing processes more efficiently, a digital and transparent data management, the individualisation of systems and the development of innovative and sustainable technology. This is precisely where the products and systems of Würth Industrie Service come in.

### **W-KLT®2.0 XS and S small-sized bins have the least volume compared to the existing W-KLT®2.0 (Würth small load carrier 2.0).**

The W-KLT®2.0 XS and S fits in all existing bin sizes of the W-KLT®2.0 (2115, 4315, 4115) and is the perfect solution for the direct supply of your workstation or even of the place of consumption.

In addition to that a lid is available to improve transport safety.

This enables you to save time and space for maximum efficiency.
